

3. Got all the vehicles maintained. Haven't heard any issues with them coming back since they took the rides down to Wildwood except for one. Joe said 836 needs brakes.
4. Hopefully next year on the budget we are going to put a Line Item to purchase a pickup truck. We are going to be selling 836 and possibly 835. The pickup truck will be used for plowing purposes to try to cut down on the cost. As of right now talked with Dennis today and he said if we don't start selling the vehicles and try to keep them all the state will be looking at us. Dennis said we would be better off definitely getting rid of the one and maybe 835. Dennis will look further into that.
5. Jaime is training Nick Natoli on the Rescue.

**BUILDINGS AND GROUNDS:**

1. Had the ramp built and that is all done.
2. Eddie O is going to start the boiler next week and he's bringing the camera in to take a lot how we could possibly put a toilet back in downstairs.

**INSURANCE:**

1. Nothing

**FINANCE AND BUDGET:**

1. We are right on target with the budget. We have some paperwork which we will be starting the first week of October. Anyone with projects please forward them.

**COMMUNICATIONS:**

1. Took a quick pager inventory and we are okay. Will talk to Kevin to possibly put a little extra money into that Line Item just in case.

**HUMAN RESOURCES:**

1. Everything is good.

**FIRE PREVENTION:**

1. Progress.

**FIRE EQUIPMENT:**

1. Stuff is starting to come in slowly for the engine. Spoke with Kevin Driscoll and he said the guy who was supposed to deliver the equipment for the engine is supposed to be contacting me. When he gets back from Wisconsin will talk to him more.

**FIRE OFFICIAL REPORT:**

1. Fire officials report for September, 2014. The bureau issued two permits for the month of September, Cypress Trucking and Antonio's

- Pasta.
2. All checks were received and turned over to the Commissioners.
  3. The Bureau investigated two complaints during the months of September. One for 140 Smith Street for water leaking out of a fire alarm and Champion Uniform Offices on New Brunswick Avenue. It was a fire alarm programming error.
  4. The Miller Ale House is now opened for business as of September 17<sup>th</sup>. The Bureau is in the process of registering them as a life hazard use fee. They're going to get through the RIMS system of the Division of Fire Safety.

**FIRE CHIEF'S REPORT:**

1. At this time everything has been going good. The officers have been picking up the slack and it is appreciated.
2. The drill is on for Thursday, September 25<sup>th</sup>.

**TRAINING OFFICER'S REPORT:**

1. Pretty quiet on the training side.
2. Got a few certificates in from the fire academy for classes that were taken late last semester. Copies of that will be distributed.
3. As Kevin said we have the drill coming up and it's probably going to be on Scene Size Up radio communications to try to come up with like simulator based topics depending on the size of the crowd.
4. Everything moving along.
5. There are still plans for the fire academy in October.

**FIRE COMPANY PRESIDENT'S REPORT:**

1. Greetings from the day crew.
2. Have to get together to talk about the changes that are coming.
3. The guys want to negotiate some stuff. Need a date and a couple of ideas.
4. Did have a couple of issues that Mike and I took care of. Part of what we want to do is have policies about lateness. Need some discipline.
5. Talked to Wilson today they bought in two new Explorers into the post this past week. Planning to arrange a cold smoke drill with Station 7 Explorers and progress from there.

**UNFINISHED BUSINESS:**

1. None.

**NEW BUSINESS:**

1. When it rained pretty good that Saturday when we were in Wildwood I talked to Dennis and the drainage in the back of the building seemed to be working real good. Checked and there were no leaks and everything was fine from there.

**PUBLIC:**

**RESOLUTIONS:**

**ADJOURNMENT:**

M/M Solovey SEC Mayoros to adjourn at 7:15 P.M.

**MINUTES TRANSCRIBED BY MARYANN SOFKA**
