FIRE OFFICIALS REPORT JANUARY 2017

The year ending 2016 Annual Report for the Division of Fire Safety for the Fire Prevention Bureau was completed and sent to the Division via the RIMS system.

The Bureau investigated a dumpster fire at Chris Anderson Roofing on January 11, 2017.

The Bureau investigated 3 complaints during the month of January 2017.

- 2 at Hampton Inn on Route 9 North for fire alarm malfunctions.
- 1 at the old Syms Building on King George Road Fire Alarm malfunction.

Respectfully submitted,

Frank DellaPietro III
Fire Official
Fire District No.8

Training Officer's Report

- The 2017 Training Schedule has been created and a copy was left for the chief following last month's commissioner's meeting.
- January's drill will be an apparatus inventory and equipment familiarization drill. Since this drill hasn't been performed since 2015, I am unsure if there are any valid forms available. It may be necessary to create new ones as members review each cabinet. Members unfamiliar with particular equipment will be encouraged to ask questions and receive on the spot instruction so they know how to use it.
- I was informed that Jhonatan Benavente has failed his Fire 1 state exam. I am under the impression that he has his final make-up opportunity this Wednesday. I provided him with a practice exam to try to use as a study aid to look up areas he is struggling with.
- I brought up at the last meeting about purchasing video on demand training for all members from Fire Engineering. Has that been discussed as a viable purchase for the department?

Respectfully submitted,

Brian Turcotte
